SAFETY APPLIANCES PTY LTD

## Material Hauling System 3:1 - PN660-3:1

### Komfy Kruze System

This is a versatile rescue system made up of Aluminium and steel components which are light in weight and highly corrosion resistant.

Allow easy Ascent & Descent.

Equipped with an anti reversing pulley which counter balances the body weight of the user thus requiring minimum effort to hold the user.

Provided with an ascending handle along with a safety sling. The arrangement stops the descent in case it is accidentally released.

Available in 3:1 and 5:1 hauling arrangement.

The pulleys are factory fitted and do not require user expertise to install the system.

Conforms to EN341 class A & EN 1496 : 2006 Class A.
