RETRACTABLE WEBBING FALL ARRESTOR
Ref. No. PN 2002(SW)

TESTED AS PER EN 360:2002

PHYSICAL PARAMETERS

Equipped with two steel Karabiners (PN 112) at swivel Anchorage with load indicator & for attachment to the user's harness
 Retractable webbing maximum length 2.25 meter
 In built textile energy absorber

WEBBING

Material	: Galvanized Steel
Width	: 47 ± 1 mm
Thickness	: 1.3 ± 0.2 mm
Minimum Breaking Strength	: 23 kN

PLASTIC COVER

Material	: PVC
----------	-------

VITAL TEST COMPLIANCE

Static Strength	: 15 kN for 3 Minutes
Dynamic Strength	: 100 kg mass free fall of 60 cm, with a breaking force of less than 6 kN & arrest distance less than 2 m

WEIGHT

Weight	: 1.35 kg ± 0.01 kg
--------	---------------------
